

## Humanoid Robots: State of the Art from Real Platforms

Sept. 29-30, 2008, LAAS-CNRS, Toulouse

The workshop aims at gathering the main research teams from the academic world and industries involved in Autonomous Humanoid Robotics with effective experience in conducting researches integrated on real platforms. The objective is not to focus on specific topics, but to present an overview of the current projects.

The workshop is supported by the Strategic Japanese-French Cooperative Program JST-CNRS.

It is organized under the auspices of the LAAS-CNRS 40 Years' Anniversary, the IEEE-RAS Technical Committee on Humanoid Robots, and the French-Japanese AIST-CNRS Laboratory JRL

JRL-France: J.P. Laumond (CNRS), E. Yoshida (AIST)  
JRL-Japan: A. Khedar (CNRS), K. Yokoi (AIST)
